Quality
& Technology

www.licata.co.uk

30 years of experience and thousands of projects across Europe.

Honest, efficient, professional customer service as well as the highest quality of products – all of these elements are responsible for complete customer confidence.

On every part of the investment you can count on our professional advice; therefore, the installation is faster, easier and the final effect will satisfy even the most elegant tastes.

Technology & Materials

Our Products are manufactured only from top-quality certified raw materials. Product cores are made from expanded polystyrene foams (EPS) or polyurethane PU.

We care about the environment! Our Products are free from harmful substances for both people and environment.

We use **unique technologies** and materials allowing us to easily replicate any given architectural detail.

Our products are not only aesthetic and elegant; they also serve as a bridge between traditional decorative craftsmanship and modern building technologies.

CAUTION! The colour of the products presented in this catalogue are only a guide and may vary.

Guaranteed Highest Quality

Easy installation

Resistant to weather conditions

Can be painted

Robust and flexible

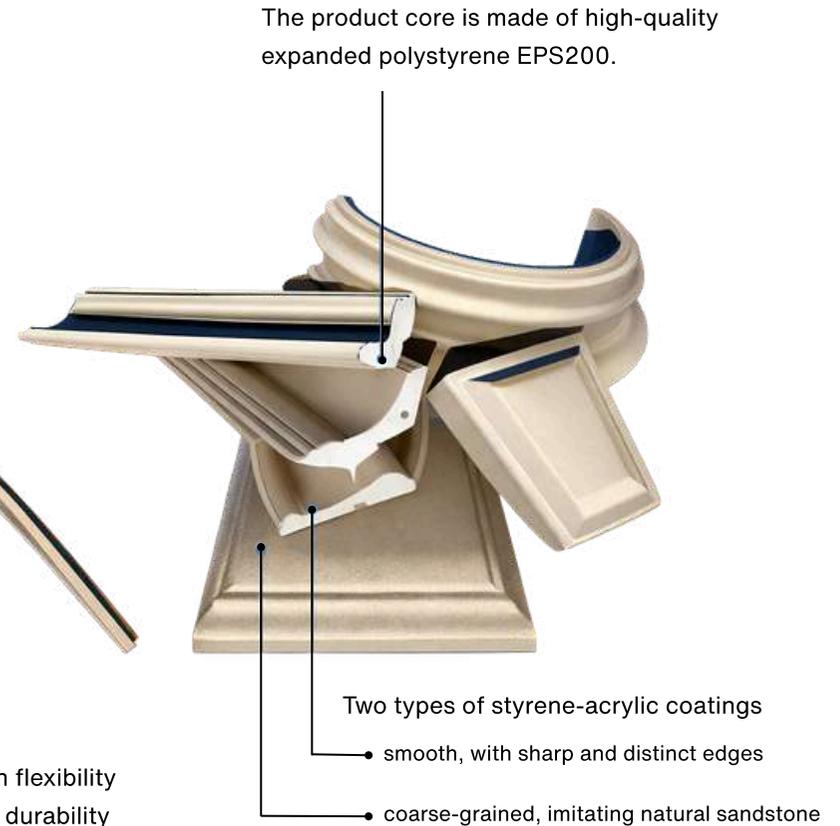

Environmentally friendly

Non-toxic

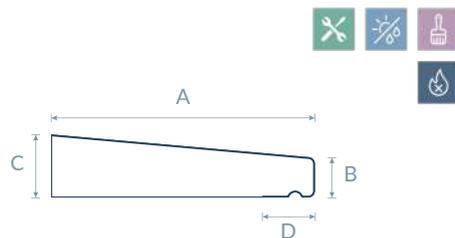

High flexibility and durability

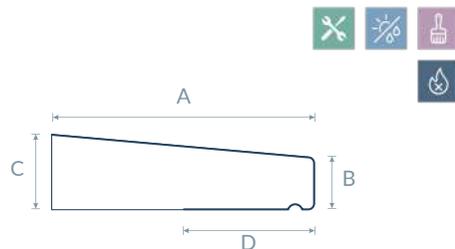

Warm
